PROCCEDINGS OF THE GOVERNMENT OF KARNATAKA

Subject: Provision for price Adjustment for specified materials for works – Revision Reg.

Read : Govt. Order No. FD 59 PRO CELL 2004, dated:26-11-2004

Preamble :

In Government Order No. FD 59 PRO CELL 2004 dated: 26th November 2004 read above, the following instructions were issued about price adjustment.

(a) A Price Adjustment clause shall be included in all Works contracts whose estimated cost put to tender is Rs.100 lakhs or more and the period of completion is 12 months or more. The Price Adjustment clause and the formulae for adjustment shall be as per Annexure-1 of the said G.O.

(b) In works contracts where, Price Adjustment Clause is provided the Price Adjustment shall be admissible from the date of opening of tenders (original or extended).

(c) Price Adjustment Clause shall not be included in Goods and Equipment tender ocuments. However in respect of tender documents for procurement of electric cables, transformers, generators, motors, that have raw material component subject to price fluctuations, appropriate Price Adjustment clauses may be incorporated by the Tender Inviting Authority in the tender documents, with the specific approval of the concerned Head of the Department or Managing Director of the Public Undertaking/Board. The PWD has requested for certain modifications in the above conditions as the Department is facing problem in procurement of agencies for implementation of various works due to rapid fluctuation of rates of construction materials especially cement, steel and bitumen. This has resulted in poor response to the tenders floated by the department and also slowdown or stoppage of on-going works by the agencies. Further, the tender premiums being quoted by the agencies are very high which creates an opinion that the Schedule of Rates or the estimates are defective. Hence, P.W.D has requested to resolve this problem suitably by modifying the existing contract agreement to absorb the fluctuation in the market prices of major construction viz., cement, steel and bitumen.

In the procurement Reforms Standing Committee Meeting held on 2-8-2008, the proposal of PWD for effecting certain changes in the price adjustment clause in the Tender Documents was discussed in detail and considering the frequent fluctuations in the basic rates of construction materials i.e. Cement, Steel, Bitumen, it was recommended by the Committee to modify the Government Order dated: 26.11.2004 referred to above.
